What happened?

I told you right?

The meat won't stay down!

I told you didn't I?

This is the world of Law and Order

You can't eat that meat without following a specific order

You've told me before

What's the order?

Simple...

Yield!

Your finger off!

Right hand, left hand
it doesn't matter but
in order to eat this meat
you have to cut one of
your fingers off

And along
it seems
the only
cute beast
two joints are
accepted

What?

What the hell
is he saying?

Don't worry too much.
When you eat a pack of
meat, your finger
will regenerate.

This is the law of
survival in this world

Shin: Grah

Shin: Gokudo x20

Even after that
I tried to swallow
the seed multiple
times

But I threw
up every time

Now do you understand?

To survive,
you have to cut
one of your
fingers

There is
nothing
impossible

So you can use
any of them...

But I can't

This knife
has been
sharpened fine
for special
occasions

To reduce as
much pain as
possible

You have to cut
it all in a single
slice

Ah, the weight

Being unable to
cut my finger!!!

Here...

You should decide quickly...

The room will continue in 5 minutes

Well it's almost time for me...

This is a good chance for you

Watch as I learn...

First, pick your finger.

Put it on a flat surface.

Repeat!

You cut it like this.

And when you cut, a piece of meat

Look!

And, look!

As good as new!

That pain is coming back in 5 minutes!?

I don't want to experience that pain ever again...

First time might be hard but you'll get used to it

If you're going for this it's better to do it sooner than later

But how
can you...

Cut your
own finger?!

Cut R!
